My book [Stress Free Money](#) just got named by Forbes as part of the "21 Books To Read In 2021" at #14!

[CLICK HERE](#) to read the article. THANK YOU for your support in buying, reviewing and sharing my book. I often get asked, "Why did you decide to write a book?"

Here are my 5 primary reasons:

1. Help you reduce your stress about money.
2. Motivate you to transform your financial life.
3. Demonstrate credibility and expertise to a worldwide audience (*we actually have signed up significant new clients outside the U.S. who found [Pacific Capital](#) by reading this book!*).
4. Expose Wall Street and the media who love to take advantage of people.
5. Show my children that they can achieve any big goals they put their mind to.

Thank you again for your support! Click the blue button below to discuss how we could help you reach your ideal future life by applying the principles in my book. We are here to help, whether you hire us or not!

P.S. If you like listening to or watching podcasts, [here is a link](#) to 25+ podcast interviews I've done recently. I suggest you listen on 1.25x or 1.5x speed.

Sincerely,
