

November 30, 2021

***Click above and watch the 1-minute video to see how we understand and support entrepreneurs!***

### 3 FACTS ABOUT ENTREPRENEURS:

**1. There are nearly 32 million small businesses in the United States.**

**2. 58% of small businesses started from scratch in 2020.**

**3. Almost 60% of small business owners gave themselves five years or less to make it or break it.**

For parenting advice, you'd want someone who raised their own kids. For a fitness and health advice, you'd want someone in good shape. As an entrepreneur looking for financial advice, you'd want someone who is a successful entrepreneur themselves.

As an entrepreneur, your needs and goals are different than others'. We get that, and we have the expertise to give you advice both for your business and personal finances.

Privately owned businesses are the engine of the economy. As we approach the holiday season of 2021, let's support small businesses. Let's give the nod to our friends and neighbors and support what they do. It costs nothing to subscribe to their newsletter, support their social media, and refer people to them.

Also, if you own a business and are looking for connections or ideas to finish the year strong, let us know how we might help you.
