

Father's Day 2021

This tender hug came from my five year old son Beckham after he read me his Father's Day card. I love the quote, "A father should be his son's first hero and his daughter's first love."

As a father to five kids, I feel great love and also a great responsibility to raise and protect them. They are the reason I wrote my next book is called, "Smart, Not Spoiled."

I love my kids and I love my dad as well. He has always been a great example to me. Let's not be the kind of dads who never show affection or express our love. Let's be leaders, unafraid to be bold about our love and care for our children.

The 🌍 is a HARSH place right now. Think of all the things kids are exposed to these days. Our young people need our love and example. Happy Father's Day!

Sincerely,
