<<First Name>>,

**THANK YOU!** "[Beyond the Money: 8 Lifestyle Shifts for Entrepreneurs with 8 Figures or More](#)" hit the #1 spot in 7 categories on Amazon in the first 24 hours, outselling money classics like "The Millionaire Next Door" and "The Richest Man in Babylon!"

**THANK YOU** for helping make this book launch a success on day one! Celebrating with family, friends, clients and team members was awesome. Seeing friends share it on social media gave us a great boost.

For this book, I interviewed some of the top entrepreneurs who shared great insights and advice inside this book to help you align your actions with your priorities, dramatically improving your health, relationships, and happiness.

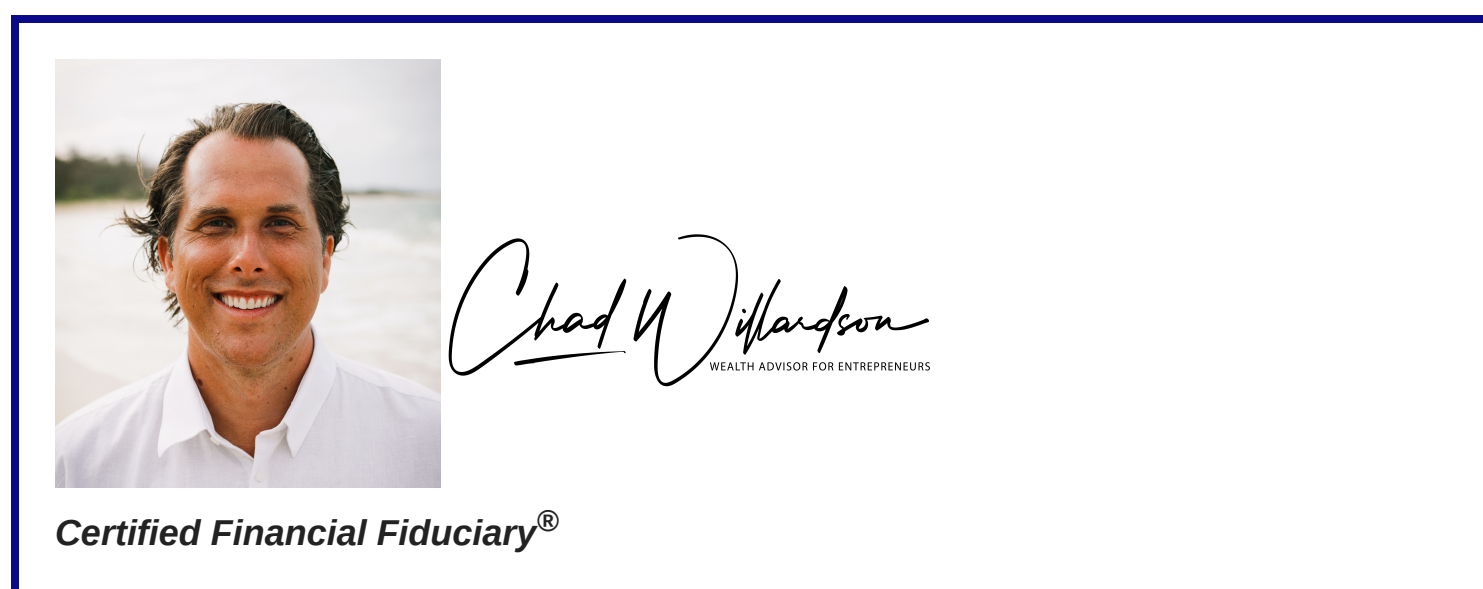

I recorded the audiobook in a studio here in Southern CA and Amazon and Audible made it available beginning this afternoon. I hope when you read or listen to this book that you'll find some great insights and ideas to live a better lifestyle... [BEYOND THE MONEY!](#)
