

April 21, 2021

Your cell phone 📱 has already replaced your watch , camera 📷 , calendar 📅 , address book, stereo 🎵 , television 📺 , and your alarm clock 🕒 .

Please don't let it replace your family and friends. Be present with the people you care about.

Pick 2 hours every night to be phone free and simply give attention to people who matter to you.

I've seen many high achieving and well-intentioned people miss out on moments in life they'll never get back. If this past year has taught us anything, it's that financial freedom and security are worthy pursuits, but remember to look up and enjoy the moments with people you care about!
