**March 29th, 2023**

Hello,

**I need your help! And it'll take about 11 seconds.**

[Scott](#) and I have published our #1 parenting podcast discussing everything from not paying kids an allowance to empowering your kids to be ready to succeed in a big way!

**[CLICK HERE TO FOLLOW OUR SHOW!](#)**

If you could just take 11 seconds right now to follow us on Apple Podcasts, it would mean the world! Seriously, those two clicks will help us get the word out to more parents (and grandparents) just like you. We of course hope you stick around to listen to an episode or two also!

Smart Money Parenting is an essential show for *parents empowering their children* with financial skills, with all the stuff not taught in the school system. Join us as we dive into a variety of topics, sharing practical knowledge and tools to raise financially-literate and responsible kids.

Oh, and please be sure to share with 3 friends who have kids ages 8-18 and would benefit from this advice.

At [PACIFIC CAPITAL](#), we care about the next generation. As parents of 5 kids, my wife and I are on a mission to help make money matter and teach kids to be financially ready to succeed in the real world.

**[TWO CLICKS AWAY, CLICK HERE!](#)**

Sincerely,

---
