

Willardson Family Thanksgiving 2024 in New Zealand

November 27, 2024

Dear [FIRST NAME GOES HERE],

Happy Thanksgiving!

Gratitude and an abundance mindset are the keys to a happy and fulfilling life.

When you consistently recognize and appreciate the abundance in your life, you naturally attract more of it.

A mindset of gratitude and abundance doesn't just create happiness...

It also supports wealth creation and growth.

When you operate from a place of abundance, your decisions reflect optimism and confidence.

You see opportunities instead of obstacles.

You invest in your future with a calm certainty that more is always in your reach.

It's so powerful in real life.

So, if you haven't already:

- Write down 3 things you're grateful for (be as specific as possible) this week
- Tell/message a work colleague why you're grateful for them
- Tell your family why you're grateful for them (on FaceTime or around your dinner table)

Do it today...

Eckhart Tolle wrote, "*Acknowledging the good that you already have in your life is the foundation for all abundance.*"

I encourage you to carry this practice into every part of your life—not just around Thanksgiving, but every day:

Start your mornings by listing one thing you're grateful for—it sets a positive tone for the day.

Celebrate small wins in your personal and professional life—acknowledging progress attracts even more success.

And most importantly, remind yourself that abundance isn't just about material wealth.

It's about health, relationships, opportunities, and the simple joys in life.

Warm wishes and a Happy Thanksgiving from New Zealand (midnight adventure kayaking the caves)!

Chad
